

CLINICAL AND TRANSLATIONAL RESEARCH (GRADUATE CERTIFICATE)

The certificate program is administered by the Connecticut Convergence Institute for Translation in Regenerative Engineering at the University of Connecticut. It is designed to provide an introduction to clinical and translational research. The program provides core competencies in research methods without hands on experience in mentored research. Qualified applicants include individuals who have obtained a health-related terminal degree (for example, M.D., Ph.D., Pharm.D., D.D.S., or D.M.D.). Students who do not have an established terminal degree must be accepted by the program and be in good standing in a terminal degree granting program in a health-related field.

Requirements

Nine credits of coursework. The required courses are outlined below. The program's executive committee may approve substitution of a comparable graduate course(s) for CLTR 5020 .

Course	Title	Credits
Required Courses		
CLTR 5020		3
CLTR 5357		3
CLTR 5359		3
Total Credits		9
