

# EMERGING WOMEN'S LEADERSHIP (GRADUATE CERTIFICATE)

---

The Emerging Women's Leadership graduate certificate program is a 12-credit online program designed to educate and prepare emerging leaders concerned with gender inequality and gender barriers in the workplace to serve as catalysts for change in their field of choice through the translation of leadership theory to practice. Taking an intersectional approach, students of all identities who seek gender equality in society are immersed in a practicum leadership experience for the duration of the program, providing an organizational context for the application of theory and the development of a capstone project that addresses a problem of practice. The program consists of four online courses.
