

# HEALTH CARE INNOVATION (GRADUATE CERTIFICATE)

---

The 12-credit Health Care Innovation Certificate Program addresses an existing and growing market need to educate nurses, health care professionals, and others interested in healthcare on essential theories, concepts and applications within the domain of innovation for the health care industry. The Health Care Innovation Certificate offered through the UConn School of Nursing is designed to educate individuals in nursing and beyond for the common goal of introducing positive and necessary change to the health care industry. The knowledge learned through this program is valuable to nurses, all health care professional role groups and those who are in need of this knowledge in the context of health care to understand existing opportunities and refine existing ideas. This certificate is offered entirely online.
