

LICENSED PROFESSIONAL COUNSELOR (GRADUATE CERTIFICATE)

The Licensed Professional Counselor Certificate is designed for those students who have already completed a master's degree in School Counseling, School Psychology, or a related mental health field at a regionally accredited institution. Applicants must have taken, or be enrolled in a master's program that requires coursework in the following content areas; human growth and development, social and cultural foundations, counseling theories, counseling techniques, group counseling, career counseling, appraisal procedures, research and evaluation, and a practicum of at least 100 hours. At the conclusion of the coursework and clinical internships individuals can apply for the LPC-A certification from the Connecticut Department of Public Health. Students must complete 18 credits.
