

EXECUTIVE MBA (EMBA)

EMBA 5001. Current Business Topics. (1.5 Credits)

Pertinent business issues impacting the local and global economy. Topics vary year to year.

Enrollment Requirements: Open only to Executive MBA students.

May be repeated for a total of 3 credits

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205001>)

EMBA 5111. Core Financial Statements. (1.5 Credits)

Analysis and interpretation of the financial statements prepared under generally accepted accounting principles (GAAP) in the United States; financial statements prepared under other international standards, particularly international financial reporting standards (IFRS), will be addressed. Students are exposed to the theories, concepts, and mechanics used to prepare the core financial statements of the enterprise, specifically the Statement of Financial Position, Statement of Net Income, Cash Flow Statement, Statement of Changes in Owners' Equity and Statement of Comprehensive Income.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205111>)

EMBA 5161. Customer Insights. (1.5 Credits)

Focus on the customer as the individual decision maker to understand why and how customers make consumption decisions. Students explore qualitative and quantitative methods for understanding customer's consumption practices with attention to understanding the extent to which consumers value product benefits and the emotional aspects of consumption. Students learn the process of segmenting consumers with similar needs and desires into target groups, and examine how markets change as groups of customers collectively adopt new ways of satisfying their needs.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205161>)

EMBA 5191. Value Creation and Competition. (1.5 Credits)

Students analyze the challenges inherent in navigating competitive markets with the objective of adopting strategies to achieve value creation, and assess the fit between internal capabilities and the competitive landscape to identify and plan for potential threats and opportunities from environmental change.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205191>)

EMBA 5212. Financial Statement Analysis. (1.5 Credits)

Students gain in-depth knowledge of accounting principles used to record assets, liabilities, and owner's equity and the effects of these accounting principles on the analysis of the enterprise. Students construct and interpret the major metrics that are used in financial statement analysis, and apply the techniques to create pro-forma financial statements.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205212>)

EMBA 5231. Fundamentals of Financial Management. (1.5 Credits)

Students gain tools and frameworks to analyze financial decisions based on principles of modern financial theory. Covers concepts such as discounted cash flow techniques, and its applications to valuation of common stock and bonds and lease vs. buy decisions. The time value of money is examined for both personal financial planning and business applications, and is used to value financial instruments, including common stock and bonds.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205231>)

EMBA 5281. Leadership. (1.5 Credits)

The characteristics and practice of effective leadership, which can vary in times of change or crisis and in different contexts. Students examine and assess leadership in the context of teams, small and medium-sized enterprises, and multinational corporations.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205281>)

EMBA 5301. Using Statistics in Business. (1.5 Credits)

Aims to improve the student's sophistication at interpreting data and their ability to use data as evidence in support of strategic decisions. Students will learn to ask probing questions about the specifics of data and statistical techniques, to understand the conditions for drawing reliable inferences, to assess the validity of statistical evidence, to master fundamental quantitative computations, and to draw logical data-driven conclusions.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205301>)

EMBA 5321. Domestic and International Legal Structures. (1.5 Credits)

Introduction to rules of contract formation and contract performance, and remedies if contract promises are not fulfilled. Students examine issues of business negligence and compliance to standards, and assess how firms can effectively comply with domestic and global intellectual property rules and defend intellectual assets. Legal and regulatory issues related to internet commerce, data protection, and business development are explored.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205321>)

EMBA 5332. Capital Budgeting and Corporate Financial Policy. (1.5 Credits)

Students apply the tools and techniques of the time value of money framework to capital budgeting issues and corporate financial policy. They focus on corporate capital budgeting and valuation, investment decisions under uncertainty, market efficiency, and corporate financial policy including financing and dividend decisions. Students evaluate capital investments with a focus on how companies analyze the risk associated with future cash flows and how that risk is incorporated in the required rates of return, as well as how financing choices (stocks and bond issues) and payout policy affect the cost of capital of large projects. Students apply two widely used models, the Capital Asset Pricing Model (CAPM) and the Weighted Average Cost of Capital (WACC) to capital budgeting problems.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205332>)

EMBA 5413. Financial Controls. (1.5 Credits)

Students take a macro perspective applying cost concepts to real-world managerial problems and make logical decisions. At a micro level, students come to understand the nature and behavior of cost and how cost is directly affected by resource (people, materials and capital) acquisition and allocation decisions. Students explore how management solves the interrelated problems of capacity, efficiency, productivity, sourcing, pricing, and profitability.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205413>)

EMBA 5462. Driving Market Demand. (1.5 Credits)

Focus on developing a competitive value proposition and marketing strategies to drive organic growth, including attracting new customers, expanding the number and value of transactions that customers make, and retaining customers for longer periods of time. Students examine customer satisfaction and profitable growth, and use customer equity as a modeling framework in which to translate market analysis, customer insight and chosen targeting and positioning into financial projections for growth.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205462>)

EMBA 5471. Operational Analytics and Improvement. (1.5 Credits)

The management of the transformation of inputs, including labor, materials, and information, into the outputs of goods and services. Students use quantitative tools and qualitative knowledge to make decisions regarding capacity management, inventory management, planning of operations, and quality control.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205471>)

EMBA 5514. Performance Evaluation. (1.5 Credits)

How world-class companies excel at execution and how their control systems enable their employees to execute effective strategies. Students consider the environment and the processes that companies use to maintain control of enterprise performance, the use and effects of accounting related controls in relation to choices of responsibility structures, performance measures, standards, and the internal controls that help ensure measurement reliability.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205514>)

EMBA 5541. Domestic and Global Macroeconomics. (1.5 Credits)

Domestic and global monetary policies, factors spurring economic growth and decline, trade balance and the macro level effects of trade imbalances in developed and emerging markets, as well as employment policies.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205541>)

EMBA 5582. Managing Teams and Organization Culture. (1.5 Credits)

Students explore how to foster a culture that enables maximum benefit from organizational teams. Specific topics include team creation and dynamics, motivation, organization structure, conflict, empowerment, and politics. Emphasis is placed on the unique challenges presented by cross-cultural teams.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205582>)

EMBA 5603. Global Business Issues. (1-4.5 Credits)

Students become better versed in international business challenges, understand issues related to transnational and cross-cultural management, and examine global issues relative to their company. Students participate in an international trip to gain first-hand experience in the dynamics of international business management, engage with in-country business executives across multiple industries and functional areas, and execute a business challenge project in a foreign country.

Enrollment Requirements: Open only to Executive MBA students.

May be repeated for a total of 4.5 credits

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205603>)

EMBA 5651. Managing Information Technology. (1.5 Credits)

IT-related issues internal to the organization, and analyze challenges inherent in managing a company's IT, including evaluating information technology investment decisions, designing business processes, selecting information technologies to support such processes, implementing technology solutions, managing information technology vendors, and securing information technologies.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205651>)

EMBA 5683. Managing Human Capital. (1.5 Credits)

Examines how to manage human capital effectively in dynamic legal, social, and economic environments. Attention focuses on recruitment and selection, techniques for training and management development, performance appraisal, retention policies, and negotiation strategies and tactics.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205683>)

EMBA 5722. Employment Law. (1.5 Credits)

Critical components of employment law and how management practices can generate a workplace regulatory environment that is not only compliant, but also a source of value for the firm. Regulatory issues related hiring, firing, and evaluating employees, illegal discrimination, and the rights of and obligations toward vulnerable populations. Additional emphasis is placed on interactions with administrative agencies, protecting firm knowledge from competition, developing employer-employee relationships, managing workplace safety, and resolving disputes.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205722>)

EMBA 5772. Supply Chain Management. (1.5 Credits)

Integration of suppliers, manufacturers, and retailers, and consider supply chain responsiveness and costs in relation to adding value to the firm. Students evaluate the importance of good supply chain design, planning, and operation, and consider key drivers of supply chain performance, including the importance of technology.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205772>)

EMBA 5792. Strategic Fit and Coordination. (1.5 Credits)

Focus on the needs of key organizational stakeholders and understanding the impact of decisions by individual functional areas on the entire organization. Students will draw upon knowledge from multiple academic disciplines to develop organizational strategies, designs, and resource allocations that can improve firm performance from a holistic perspective.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205792>)

EMBA 5842. Microeconomic Incentives. (1.5 Credits)

How key economic principles affect business decision making. Students consider how incentives play a role in the decisions. The effects of organizational and capital structure on decision making and employee efforts are examined.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205842>)

EMBA 5852. Leveraging Digital Technologies. (1.5 Credits)

Assessing the strategic uses and implications of digital technologies, with a focus on harnessing and managing information technologies in inter-organizational and market-related contexts for competitive advantage.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205852>)

EMBA 5863. Managing Brand Value. (1.5 Credits)

Focus on implementing the value proposition targeted to specific customers. Students use the marketing mix as a conceptual tool to structure thinking and make decisions around comprehensive strategy implementation related to product and service attributes and benefits, pricing, channels of distribution, and integrated communications platforms.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205863>)

EMBA 5901. Executive Project. (1.5-3 Credits)

Students engage in a new business development opportunity. Students focus on idea inception, conduct a feasibility analysis using a comprehensive assessment framework, and develop implementation strategies.

Enrollment Requirements: Open only to Executive MBA students.

May be repeated for a total of 3 credits

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205901>)

EMBA 5933. Alternative Investments and Risk Management. (1.5 Credits)

Concepts of risk management with specific attention to the structure of risk management, identifying risk types, assessing risk, mitigating risk, and capital adequacy. Students focus on the key investment strategies used in alternative investments markets, i.e., hedge funds and private equity, and assess derivatives (puts and calls), forward and futures contracts, and swaps. They examine how these strategies can be used to speculate or hedge particular risks.

Enrollment Requirements: Open only to Executive MBA students.

View Classes (<https://catalog.uconn.edu/course-search/?details&code=EMBA%205933>)

EMBA 5993. Sustainable Competitive Strategy. (1.5 Credits)

How to defend businesses against competitive challenges and environmental change while maintaining high ethical standards. Students focus on game theory, sustainability, and temporal tradeoffs to understand the effects of managerial choices on competitors, internal stakeholders, society and the future performance of the firm.

Enrollment Requirements: Open only to Executive MBA students.
