

# RESEARCH (SOCIAL WORK) (RSCH)

---

**RSCH 5341. Advanced Research: Program Evaluation. (3 Credits)**

Development of knowledge, attitudes and skills appropriate to the ongoing critical evaluation of social work practice with systems from diverse populations. Social workers have a responsibility to evaluate their individual practice effectiveness and the effectiveness of interventions used with clients in accord with both the ethical standards articulated in the NASW Code of Ethics as well as the accountability standards required by agencies and other funding sources. Prepares students to integrate evaluation methods into assessment, planning, intervention and evaluation of their professional social work practice. Provides students with the knowledge to develop skills for evaluating practice through the use of evaluation designs. Students will learn to employ these designs and to analyze the data drawn from these designs in order to inform professional practice decision-making.

**Enrollment Requirements:** BASC 5333 or Advanced Standing; open only to Social Work M.S.W. students.
