

AGRICULTURE, HEALTH AND NATURAL RESOURCES (BS)

The Agriculture, Health and Natural Resources major is an interdisciplinary major designed for students who want broad training in agricultural, environmental, and/or health sciences, with content that does not readily align with any one department or major. Students work with advisors to develop and complete a personalized and interdepartmental baccalaureate program based on their educational and career interests and goals. Courses selected for this major will include both introductory and advanced material from multiple departments in the College of Agriculture, Health and Natural Resources, as well as prerequisite and related knowledge and experiences in other disciplines. Students must have completed 24 credits to declare this major.

Requirements

Biology

Course	Title	Credits
Select one of the following:		4
BIOL 1107	Principles of Biology I	
BIOL 1108	Principles of Biology II	
BIOL 1110	Introduction to Botany	

Chemistry

Course	Title	Credits
Select one of the following:		4
CHEM 1122	Chemical Principles and Applications	
CHEM 1124Q	Fundamentals of General Chemistry I	
CHEM 1127Q	General Chemistry I	
CHEM 1137Q		

Additional Science or Mathematics

One additional course (minimum three credits) from BIOL, CHEM, EARTH, MARN, or PHYS, or one extra MATH or STAT course beyond those required for general education requirements.

Introductory Agriculture, Health and Natural Resources

Two 1000 level courses (minimum three credits each) representing two departments in CAHNR

36 Credit Group

Agriculture, Health and Natural Resources majors must meet all the requirements listed under the 36 Credit requirements for all CAHNR majors, which must include at least 24 credits (combined total) from departments in CAHNR. These credits must include at least three credits of course work from each of four (4) distinct departments in CAHNR.

Writing Competency

Students must pass one 2000-level or above W course in any department of the College of Agriculture, Health and Natural Resources.

Information Literacy Competency

Satisfied by meeting the Writing Competency Requirement.

Career Statement

Agriculture, Health and Natural Resources majors must submit a statement describing how courses relate to their desired career. This statement and courses for the major must be approved by advisor and College of Agriculture, Health and Natural Resources Associate Dean as early as possible in order to confirm the courses approved for the final Plan of Study.

A minor in Agricultural Biotechnology is described in the "Minors" section.

University General Education Requirements

Every student must meet a set of core requirements to earn a baccalaureate degree, in addition to those required by the student's major course of study and other requirements set by the student's school or college. For more information about these requirements, please see General Education Requirements (<https://catalog.uconn.edu/undergraduate/gen-ed-requirements/>).

College of Agriculture, Health and Natural Resources Degree Requirements

Students must meet a set of requirements established by the college in addition to the University's General Education requirements. For more information, see the College of Agriculture, Health and Natural Resources (<https://catalog.uconn.edu/undergraduate/agriculture-health-natural-resources/#requirementstext>) section of this catalog.
