ANALYTICS MINOR

Requirements

To receive a minor in Analytics, a student must earn a "C+" or better in each of four three-credit, 3000-4000 level OPIM courses offered by the School of Business.

Students must complete the following core courses:

Course	Title	Credits
Core Courses		
OPIM/BADM 3103	Business Information Systems	3
OPIM 3204	Database Design and Management	3
OPIM/BADM 3301	Spreadsheet Modeling for Business Analysis	3
or OPIM 3302	Data Visualization	
or BADM 3302	Data Visualization	
One 3000/4000 level OPIM course [1]		3
Total Credits		**12**

[1] OPIM 3104 Operations Management may not be used to meet requirements of this minor.

This minor is not open to Business Data Analytics or Analytics and Information Management majors. Students not enrolled in the School of Business must obtain permission to take courses for the minor. Refer to the School of Business section of this catalog for restrictions on Business minors and limits on the number of Business courses available to non-Business students.

The minor is offered by the School of Business (https://www.business.uconn.edu/). For more information, contact the Undergraduate Programs Office, School of Business, Room 248, or phone (860) 486-2315.
