

ENVIRONMENTAL ECONOMICS AND POLICY MINOR

The minor will provide an overview of key concepts and methods used by economists to analyze problems associated with human use and misuse of natural resources and the environment and to evaluate policy options for better management of these resources for current and future generations.

Requirements

Students wishing to minor in Environmental Economics and Policy must take a total of at least 15 credits from the courses listed below. At least nine credits must be taken from the Core Courses and at most six credits must be taken from the Elective Courses.

Course	Title	Credits
Core Courses		
Select nine or more credits from the following:		9
ARE 2434E	Environmental and Resource Policy	
ARE 3438E	Climate Economics	
ARE 4438E	Valuing the Environment

ARE 4305	Sustainable Economic Development	
ECON 2467E	Economics of the Oceans	
or NRE 3245E	Environmental Law	
<i>Additional Elective Courses with Minor Advisor Approval</i>		
Select up to three credits from the following:		
ARE 4999	Independent Study	
EVST 3100	Climate Resilience and Adaptation: Municipal Policy and Planning	
or ENVE 3100	Climate Resilience and Adaptation: Municipal Policy and Planning	
or ENVS 3100	Climate Resilience and Adaptation: Municipal Policy and Planning	
EVST 3110E	Brownfield Redevelopment	
or ENVE 3110E	Brownfield Redevelopment	
or ENVS 3110E	Brownfield Redevelopment	
GEOG 2400E	Introduction to Sustainable Cities	
NRE 2600E	Global Sustainable Natural Resources	
Total Credits		15

Note: ARE 1150 Principles of Applied and Resource Economics or ECON 1201 Principles of Microeconomics may be required for some 2000-level or above Agricultural and Resource Economic courses. Other courses listed may have additional prerequisites as well.

Students must earn a grade of "C" (2.0) or higher in each individual course listed above. Students must earn a combined grade point average of 2.5 or higher for all courses listed above. This minor is not open to Applied and Resource Economics majors who are concentrating in Environmental Economics and Policy.

The minor is offered by the Department of Agricultural and Resource Economics.
