

INFORMATION ASSURANCE MINOR

The minor is designed to offer a basic understanding of computer security and information assurance to support the increased demand for information security professionals.

Requirements

To receive a minor in Information Assurance, a student must earn a C+ or better in each of four three-credit, 3000-4000 level OPIM courses offered by the School of Business.

Course	Title	Credits
Students must complete the following core courses:		
OPIM/BADM 3103	Business Information Systems	3
OPIM 3207	Information Security	3
OPIM/BADM 3702	Risk, Trust, and Modern Security	3
One 3000/4000 level OPIM course ¹		3
Total Credits		12

¹ OPIM 3104 Operations Management may not be used to meet requirements of this minor.

This minor is not open to Business Data Analytics or Analytics and Information Management majors. Students not enrolled in the School of Business must obtain permission to take courses for the minor. Refer to the School of Business section of this catalog for restrictions on Business minors and limits on the number of Business courses available to non-Business students.

The minor is offered by the School of Business (<https://www.business.uconn.edu/>). For more information, contact the Undergraduate Programs Office, School of Business, Room 248, or phone (860) 486-2315.
